Vijay Kesavan
Intel Corporation
2111 NE 25th Ave,
Hillsboro, OR 97124
USA

Dear Vijay Kesavan:

Open Connectivity Foundation, Inc. (OCF) is pleased to congratulate Intel Corporation on successfully achieving OCF Certification on the following product:

Device Name: **Hitron CGNv4 Wireless Voice Gateway**
Device Type: **Device that represents oic.d.light, oic.d.smartlock, oic.d.thermostat**
Manufacturer: **Intel Corporation**
Model Number: **CGNv4**
Firmware Version: **N/A**
Software Version: **Linux 3.12**
Firmware Date: **12 Dec 2016**
Certification ID: **C20160100004**
Expiration date of certificate: **13 Jun, 2018**

The OCF Certification Body reviewed the test results of the Intel Corporation Hitron CGNv4 Wireless Voice Gateway and determined the device satisfies the requirements for OCF Certification. OCF hereby licenses to you the use of the OCF Certification Mark in accordance with the OCF Certification Mark and License Agreement (CMLA). A formal Certificate of Conformance will be sent to you.

The OCF Certification Mark may only be used on the product listed above and any family models listed in Appendix A, and only in accordance with the OCF Logo Usage Guidelines and the CMLA. The Logo Usage Guidelines can be found in the member section of the website at:

https://workspace.openconnectivity.org/kws/member_resources/OCF_Brand_Guidelines_09_07.pdf

Should you have any questions pertaining to the mark and its usage, please do not hesitate to contact the OCF office at +1.503.619.0673 or admin@openconnectivity.org.

Again, congratulations on the OCF Certification of your Hitron CGNv4 Wireless Gateway.

Sincerely,

Mitch Kettrick
Certification Program Manager
Open Connectivity Foundation, Inc.
